You may read a more detailed explanation of this magical Name in the "FATHER'S TEACHINGS" section of this Web Site. All of our books and many of the books in our "Recommended Reading List" (In "Other Lights Upon Your Path") go into "The Name" in much greater detail. There is also now a CD of the original Source Family Chanting this Name. Please click on "Music" in The AwareHouse on this site. Jim Baker's intense desire for truth led him ultimately to the essence of western esoteric teachings: the Kabala and the Tetragrammaton. The initials of the great, unspeakable "Name of God" appear upon the entrances to all the great stone churches and cathedrals of the middle ages, yet the pronunciation and the meaning of the Name have been largely lost to modern Christianity, except in diluted form, through Freemasonry. Father Yod channeled the true pronunciation, and we began to chant the Name of God: Yod Heh Vau Heh, Ya Ho Wha, Ya Ho Wha Ho. He always said, if you want to get someone's attention, you call him by name. See the "Teachings" section of this Web Site for more information.

He taught us that there is great Power in every Word! Thus we began our real spiritual growth, as a Family, founded upon "The Ancient NAME of God." And the forms that issued from it followed the great creative formula that is the Name: Yod Heh Vau Heh. Father, Mother, Union, Issue – FIRE, WATER, AIR and EARTH. The Name is dynamic, living and instructive in the processes of life, everywhere in the universe.
