## THE 'TRINITY' OF THE ANCIENT AND SACRED NAME OF GOD

You may find out more about this - and all of Father's teachings - in the AwareHouse - on your right

We – The Source Family – were given this Sacred Name of God – “YHVH, the “Tetragrammaton” – by our “Earthly Spiritual Father” – whom we called, simply, “Father”. We came together every morning and chanted this Ancient and Sacred Name in many forms that were not only melodic and beautiful, but also very compelling. We are only now coming to truly understand, use and “Live” that which He gave freely in the 70’s. During this transition into The New Age – the Age of Aquarius – this ancient and Sacred Name is finally going “Mainstream”. It is gaining wide recognition – for example – in Gregg Braden’s popular The God Code (which scientifically proves how this Name is encoded in our DNA) and in the renewed interest in the Kabala. We are blessed to be able to release our original Chants (see The AwareHouse). These sometimes inspiring, occasionally haunting Chants – in which Father and the Family used both the consonants and the vowels – were recorded in the early to mid 70’s. These chants are a part of our contribution toward enhancing the evolution of mankind, from Man to God Man . . . the next quantum leap of humanity ! We all bring our piece to the puzzle. And, at last, most Masters, Religions, Gurus, Groups and sources of “Hidden knowledge” are beginning to bring forth their long-withheld - but so very important - Gifts of Truth, to facilitate the merging of mankind. . . back into The “ONE”.

Father left his earthly body in August of 1975 and the Family dispersed in 1977. We have gone on with our individual lives, each trying to figure out how to “Maintain the Standard” while living in the real world – to various degrees of success.

One of the most important Teachings that our Father gave us is the understanding – and the use of – the ancient and Sacred NAME of GOD. He explained that This “Name” has been hidden and encoded – by ALL who knew it – for thousands of years. In order to be worthy to receive it and use it for good, Mankind must, once again, attain a higher vibratory paradigm ! Thus . . . as we move into this New Age, the time has come for the encryption of this Name to be broken . . . It is Time for this Ancient and Sacred Name – which has been resonating in our DNA forever – to be re-awakened. The Name has recently begun to be chanted by more and more people – from many different paths and in many unique ways. Most are still using only the Hebrew consonants (YOD HEH VAU HEH) . . . and some recognize only the vowels (EEE AHHH OHHM). Father taught us to merge the consonants with the vowels . . . thereby birthing the whole and complete resonance of the “NAME” . . . YA HO WHA – The Male-Female polarity and balance.

We are all “Parts of the Whole” . . .

Merging – as humanity – back into the “ONE”

"The Sacred Name" is encoded in the

"Fiery Language of Light"

And it is found in every cell of every living being  
... making us incontrovertibly "All One Family" !

The ancient and Sacred "Name of God" is:

Y – YOD (pronounced "yode" – as in road) – FIRE, Masculine ~ HYDROGEN

H – HEH (pronounced "hey" – as in may) – WATER, Feminine ~ NITROGEN

V – VAU (pronounced "vaw" – as in raw) – AIR, Masculine ~ uncreated space –

Where Male & Female create ~ OXYGEN

H – HEH – EARTH, Feminine ~ The second Yod, the offspring ~ CARBON

This, then, is the perfect FOUR . . . YHVH . . . The "Three in One" . . .

The Father, The Son and the Holy Ghost . . . Incarnate in the ONE !

YHW ~ YA HO WHA IS "GOD"

YHVH ~ YOD HEH VAU HEH

is "GOD IN MAN"

man is not equal to GOD

man is one – within god

FIRE, WATER, AIR AND EARTH
