

The Sacred Herb

THE SACRED HERB

In
the taking of "The Grass of the Arabs" . . .

I did not gain foresight,

For I had that aforetime,

But such insight . . . I could not have gained in 10,000
lifetimes !

Please find much more information about this - and all of Father's Teachings - in the AwareHouse - on your right !

PLEASE UNDERSTAND . . . we are

not encouraging any one to use any substance – because we know that they are
not necessary to enlightenment – but (since we know so many already do) we felt
that it would be good to give “The Balance” to those who may tend to “Push the
edge of the envelope”.

Ya Ho Wha taught us to use “The

Sacred Herb” in a very special way. He – through study and meditation – had
discovered that it had been used (by those who were initiated) in very unique
“Ceremonies” for thousands of years.

And the truth shall make you free

! And – in this case – protect and increase your health . . . and your consciousness !

Repeated overuse can

literally “Burn out the Solar Centers” and result in the vacuum in the eyes . .

. the “Nobody home” syndrome . . . as the Glass Darkens Slowly . . .
